Dear Parent(s),

I am happy to bring to you the schedule for our Junior High Program, *EDGE*. We have been offering the *EDGE* program for over 3 years. Each summer we step up the amount of activities. We have an activity planned every Monday night from 7-9.

With every program we do, we are required to have a minimum of 1 adult per 10 students. We need your help for the success of the *EDGE* program. I know that most adults are “afraid” of this age group. You need not be! The level of participation is up to you. You can simply be a chaperone so that we can meet our adult to student ratio or you can do much more.

With all my heart I want to see these events succeed. Along the way, the students will learn more about their faith, learn how to cope with issues of young people their age, and build a relationship with their Lord and Savior, Jesus Christ.

Please, let me know how you can help out. Call me and we can discuss the level at which you want to participate. From planning to faith sharing or faith teaching, to simply chaperoning; it is up to you.

The summer schedule is as follows:

June 7 th - 8 th ---	Lock in at St. Mary Magdalene
